APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to existing rights. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to beneficial use. It is also understood that this right must allow for a reasonable lowering of the static water level. If the well is flowing, a valve must be installed and maintained to prevent waste. Accurate measurements must be kept of water placed to beneficial use. This source is located within an area designated by the State Engineer, pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

There are to be no perforations in the well for at least the first 200 feet. The well is to be cemented from at least the 200 foot level to the surface to protect fresh water zones.

This permit is further issued subject to the condition that only geothermal fluids are to be diverted and used beneficially for heating purposes only and fresh, cold water aquifers are not to be diverted.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 5.0 cubic feet per second, but not to exceed a total of 234 million gallons annually from Permits 36396 and 36397 combined.

Actual construction work shall begin on or before February 11, 1981

Proof of commencement of work shall be filed before March 11, 1981

Work must be prosecuted with reasonable diligence and be completed on or before February 11, 1982

Proof of completion of work shall be filed before March 11, 1982

Application of water to beneficial use shall be made on or before February 11, 1987

Proof of the application of water to beneficial use shall be filed on or before March 11, 1987

Map in support of proof of beneficial use shall be filed on or before .....

Commencement of work filed MAR 17 1981  
Completion of work filed APR 18 1983
